Commissioner for Patents

The information disclosure statement filed February 20, 2007 fails to comply with 37 CFR 1.97(d) because it lacks a statement as specified in 37 CFR 1.97(e). It has been placed in the application file, but the information referred to therein has not been considered.

In particular, given the large number of references (if the lettering is correct, from CQ to LF, where each letter has 26 references, then this IDS comprises 226 references) and the lack of clarity on which references were considered in related cases and which references are newly submitted for the first time, the IDS is not considered.
